AKS ENGINEERING HIRES NEW STAFF MEMBERS

TUALATIN, OREGON – AKS Engineering & Forestry, LLC, (AKS) recently announced the addition of two key staff members.

Nathan Dasler, PE, CFM, has joined AKS as a Project Engineer/Project Manager in the company's Vancouver office. Dasler, with 12 years of industry experience, will be involved in land development, public works, and hydrographic surveying projects for AKS. Prior to joining AKS, Dasler worked for ESA (Formerly Vigil-Agrimis, Inc.), where his work included the removal of fish-passage barriers, stream restoration, wetland enhancement, stormwater management, and green-street design. His notable projects include working on the stream crossing and sanitary sewer design for the Portland-Milwaukie Light Rail Transit Project, Kane Road Washout Emergency Repair in Gresham, Gresham UIC Replacements, and City of Portland Development projects.

Dasler holds a degree in Civil Engineering from the University of Portland. He is a Registered Professional Engineer in Oregon and Washington. Additionally, he is a Certified Floodplain Manager through the Association of State Floodplain Managers.

Pete Russo has joined AKS as a Survey Technician in the company's Tualatin office. Russo has more than 20 years of experience performing multiple types of surveys. He has an unmatched knowledge, understanding, and expertise of construction staking projects and everything involved in the staking and surveying process. Additionally, he has an outstanding reputation for productivity, complex problem resolution, customer satisfaction, and professionalism. Prior to AKS, Russo was the co-owner and operator of Frontier Land Surveying, where he managed all aspects of the company's survey responsibilities. With his advanced communication and project management skills, Russo makes a great addition to the AKS team.

Dasler and Russo can be contacted at (503) 563-6151. For information about AKS, visit www.aks-eng.com.

About AKS Engineering & Forestry, LLC

AKS is a full-service, locally owned firm with over 20 years of experience providing consulting engineering services to the Portland Metropolitan Area and its surrounding cities. The 159-employee company has offices in Tualatin and Salem-Keizer, Oregon, and Vancouver, Washington. AKS provides civil engineering, land use planning, land surveying, hydrographic surveying, forestry and forest

engineering, arborist, natural resources, water rights, flood elevation surveying and permitting, and landscape architecture services. This unique combination of services under one roof has allowed AKS to provide expertise on a range of project types, including industrial, commercial, residential, and municipal work. For more information about AKS, visit www.aks-eng.com.
